- World-First Dispenser Patch Patent
- Venture Company Certified
- Certified R&D Center
- T5 Excellent Technology Rating
- FTA Certified Exporter

MEDICAL RESEARCH
MEDICAL RESEARCH

ONE PATCH, A NEW STANDARD.

One sheet makes the difference — a touch-free, hygienic patch that raises the standard of care.

ABOUT US

We set a new standard in skin & wound care as a patch specialist.

Founded in **2011**, Medical Research grew as a specialist distributor of medical consumables — starting from one question: how can a patch be cleaner and more convenient to use?

With a **dual cosmetic & quasi-drug line-up** and OEM/ODM capability, we plan with in-house R&D and produce with GMP·ISO 22716 certified partners.

We independently developed the **world's first dispenser-type patch** that dispenses one sheet at a time without touching, protected by a patent (No. 10-2254902).

We export to the **USA (2022~), India (2023~) and Southeast Asia**, expanding K-Beauty & K-Medical worldwide.

Company Overview

CORPORATE INFORMATION

Company	Medical Research

Management Philosophy & Goals

MISSION · VISION · VALUE

MISSION

Hygienic Everyday Care

A touch-free, hygienic experience so anyone can care for their skin more cleanly and conveniently.

VISION

A Global K-Patch Brand

With original technology and proven quality, a K-patch brand trusted across the US, Europe and Southeast Asia.

VALUE

Essence of Tech & Quality

Patent-based R&D and GMP·ISO verified production partnerships — focused on what truly matters in the product.

CEO MESSAGE

CEO Message

A WORD FROM OUR CEO

"Even in a single small patch, we hold to the essence of hygiene and convenience — and aim to change everyday care."

Medical Research began in 2011 as a distributor of medical consumables, focusing on one simple but clear idea: a touch-free, hygienic patch. The result was the world's first dispenser-type patch, followed by a dual cosmetic & quasi-drug line-up and global exports. We will keep focusing on the essence of technology and quality to grow into a K-patch brand trusted worldwide.

KEY MILESTONES

- 2011 Medical Research founded · medical consumables distribution

- 2022~ Exports to the USA begin · Consumer Brand Grand Prize No.1
- 2025 Venture Company certified · CPNP (EU) · MoCRA (US) registered

WHY MEDICAL RESEARCH

6 Reasons Buyers Choose Us

OUR COMPETITIVENESS

01 — World's First

World's First Dispenser Patch

An all-in-one case that dispenses one sheet at a time without touching — a category of its own that reshaped the single-patch market.

02 — Patented

Hexagonal Honeycomb Hydrocolloid

A honeycomb structure aiding exudate absorption and stable adhesion. The dispenser mechanism is patent-protected (No. 10-2254902).

03 — Dual Line

Cosmetic & Quasi-drug Dual Line

Running spot patches (cosmetic) and acne patches (quasi-drug) together to flex across each country's regulations and channels.

04 — Hygiene First

Contamination-Free Design

A double case protects patches from dust and contamination, with a built-in mirror for clean use on the go.

05 — GMP / ISO

Verified Production Quality

Partnering with GMP·ISO 22716 certified manufacturers for stable quality and large-volume supply.

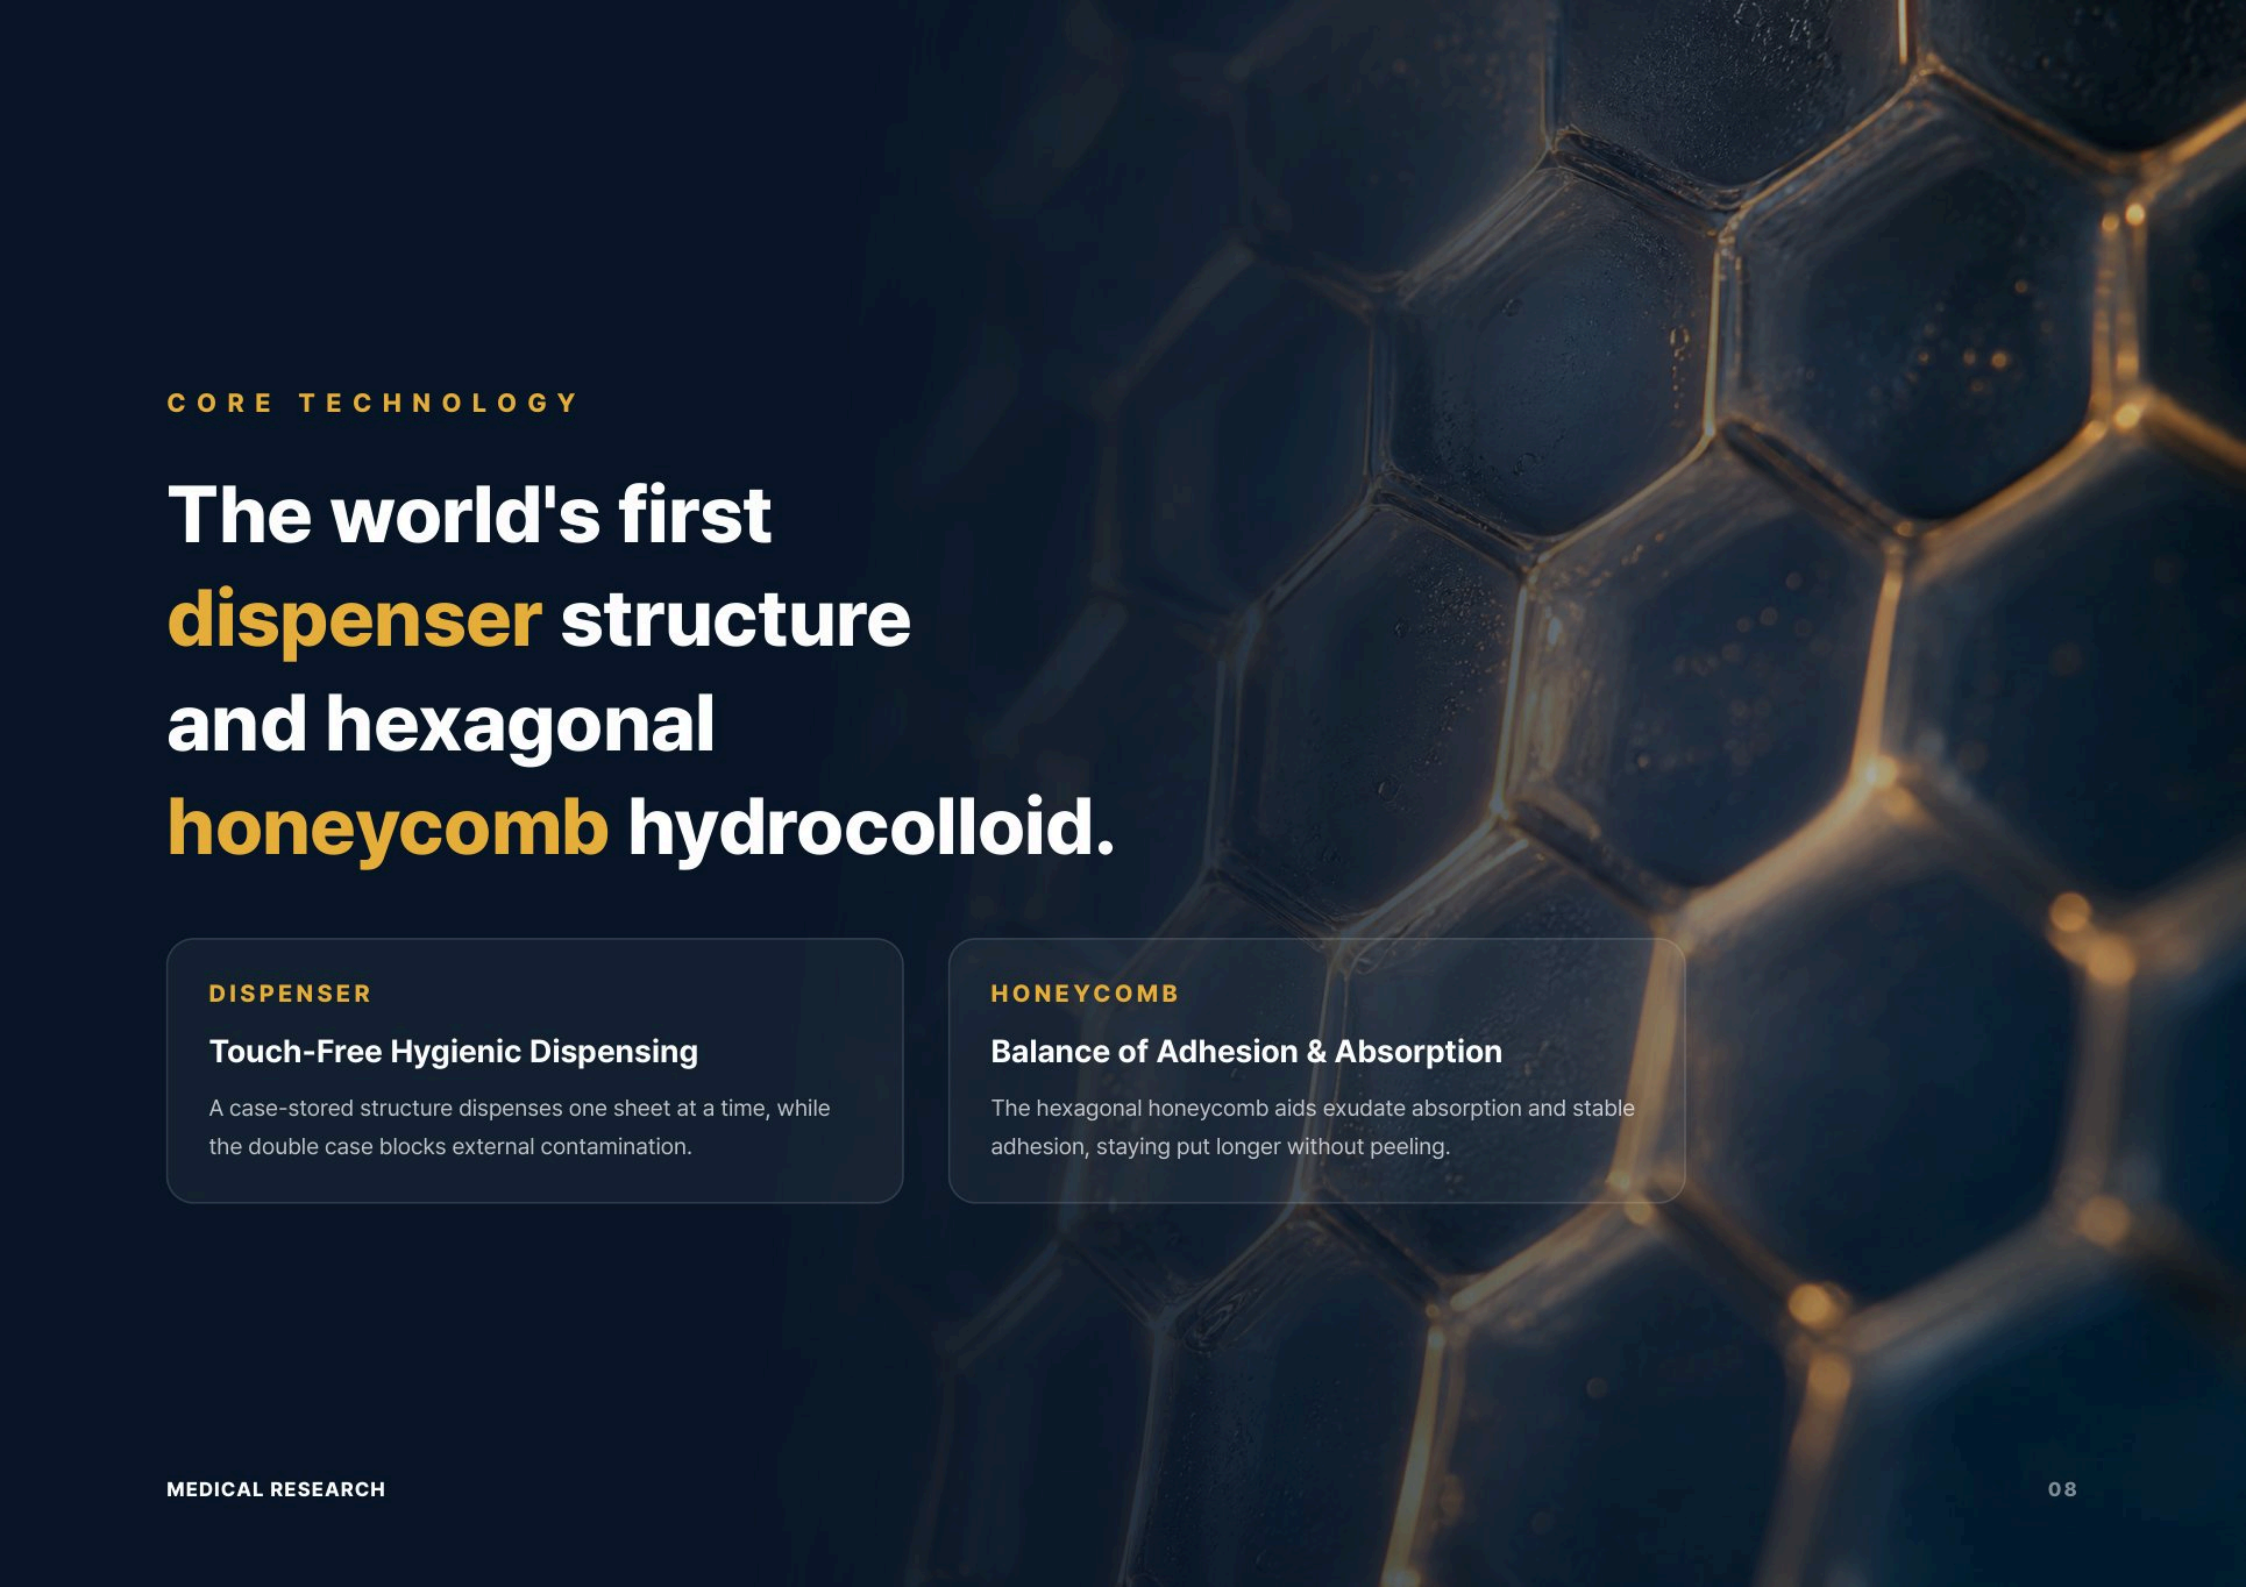

06 — OEM / ODM

Flexible Collaboration Model

We support both private-brand exports and OEM/ODM, with specs and packaging tailored to each buyer's brand and market.

CORE TECHNOLOGY

The world's first dispenser structure and hexagonal honeycomb hydrocolloid.

DISPENSER

Touch-Free Hygienic Dispensing

A case-stored structure dispenses one sheet at a time, while the double case blocks external contamination.

HONEYCOMB

Balance of Adhesion & Absorption

The hexagonal honeycomb aids exudate absorption and stable adhesion, staying put longer without peeling.

PRODUCT LINE-UP

Dual Product Line-up

COSMETIC & QUASI-DRUG

COSMETIC

Spot Care Line

Bonimooi InnoBelle Patch	Daily spot patch · built-in mirror · clear adhesion
Spot Patch Line	Use before makeup · portable dispenser
OEM / ODM	Custom-made to each buyer's brand & specs

QUASI-DRUG

Acne & Wound Care Line

Pyongpyong Patch	BEST · dispenser acne patch · 120 sheets
Calmy Care	Hydrocolloid · multi-size
Dimple Band Series	Blood-draw·injection·wound bands · The Black

BEST SELLER

Quasi-drug Acne Patch

Pyongpyong Patch

Dispenser-type Acne Patch

A clean, convenient and highly portable dispenser-type acne patch. The case-stored structure lets you take one sheet at a time hygienically, while the hexagonal honeycomb aids stable adhesion and exudate absorption. **Selected MD Best No.1 at the 2026 Gyeonggi G-FAIR.**
